## **COURSING ABILITY TEST REGULATIONS SECTION 1.**

**PURPOSE.** The purpose of the AKC Coursing Ability Test is to provide all dogs and their owners an enjoyable, healthy activity in which they can participate. Based on the sport of lure coursing, Coursing Ability Tests will serve as an introduction to the sport for all eligible dog owners. Dogs run singularly and are required to complete their course with enthusiasm and without interruption within a maximum amount of time.

### **COURSE DESIGN.**

The course shall be designed with safety for non-sighthound breeds as a primary consideration. There shall be no turns more acute than 90 degrees. The total length of the course shall be no less than 600 yards and should be as close to 600 yards as is possible. The lure will consist of plastic strips. Depending on the size and type of dog, the dog will run either the full course or a 300 yard course.

### **DISTANCE AND MAXIMUM TIME.**

Dogs are run singularly in Coursing Ability Test events. Veteran dogs may run two-thirds of the normal distance at the owner's discretion. Veteran dogs are defined for this test as dogs older than 7 years of age. A veteran dog's owner must declare prior to the start which distance the dog will run.

**300 Yard Course.** This distance is for dogs shorter than 12 inches at the withers and/or brachycephalic ("flat-faced") dogs. A veteran dog may run 200 yards at the owner's discretion. A dog must complete this course in less than 1½ minutes.

**600 Yard Course.** This distance is used for all dogs that do not run the 300 yard course. A veteran dog may run 400 yards at the owner's discretion. A dog must complete this course in less than 2 minutes. If there is a question whether a dog should run the 300 or 600 yard course, the judge will decide. The premium shall state the distance for each course and the eligibility of dogs for each course, including that veteran dogs may run two-thirds of the normal course distance at the owner's discretion.

### **COLLAR/PARAPHERNALIA.**

Dogs may wear any collar **except a choker collar, a collar with prongs or an electronic training collar.** The collar should be snug to minimize the chances of getting hung up on something during the run. The event committee may, at its discretion, require securing the tags with tape or something similar to ensure the dog's safety. Owners should be aware that there is a chance that tags hanging from the collar could become entangled on something during the run. If owners are concerned, tags may be taped to the collar. Owners may use clips or rubber bands to hold the dog's hair. The owner assumes responsibility for the safety of the dog with regard to the dog's collar and paraphernalia on the dog.

### **PASSING PERFORMANCE.**

The Coursing Ability Test is a pass-fail event. In order to pass, the dog must complete the course with enthusiasm and without interruption within the maximum amount of time for the course length. A dog is considered to have failed the test if it relieves itself while on course. The time ends when the dog completes the required course. The judge keeps the official time and decides the merits of the dog's performance.

### **ELIGIBILITY TO COMPETE**

For your dog to be eligible to compete in Coursing Ability Tests, it must be registered with the AKC. If your dog is an all American/mixed breed dog, you can register it through the AKC Canine Partners.
